

LUZ DE LIMBO

Sinfonía Visual mov-CLXXXI

manuelsusarte@hotmail.com

**los anillos supremos
están entrelazados unos con otros:
el agua del aire
el aire del fuego
el fuego de la tierra
la tierra del agua**

**todos los anillos están unidos
uno con el otro
y todos miran hacia esa moldura
en la que se reúne la luz suprema para abrevarlos
y se aferran a ella**

**¿qué es esta moldura (*misgueret*)?
es un lugar cerrado (*sagur*)
que no se abre sino por mediación de un sendero
estrecho, oculto, desconocido e invisible**

<Z-II-Bereshit-31>

**todas esas luces del pensamiento supremo
todas son llamadas Ein Sof, el mar verde
hasta allí llegan las luces y no llegan
allí no hay voluntad ni pensamiento**

**cuando ilumina el pensamiento
no se conoce de quién ilumina
entonces se viste
se encierra en el entendimiento
ilumina a quien ilumina
y entran uno en otro
hasta que todos se incluyen mutuamente
como en uno**

<Z-III-Noaj-51/51>
